Distros

Same kernel, many flavours.

Debian	Debian · Ubuntu · Linux Mint stable, great for beginners
Red Hat	Fedora · RHEL modern, used by companies
Arch	Arch · Manjaro · CachyOS fast, always up to date

5 basic commands

`ls`	list files	**`cd`**	change folder
`pwd`	where am I?	**`mkdir`**	new folder
`sudo`	admin power		

What Linux are you?

Scan and take the quiz.
